- Git
- Express
- Bootstrap
- Material-UI
- Adobe Creative Suite

Education

Columbia Engineering Boot Camps
Certificate - Full Stack Web Development

Suny Purchase College
2007-2011

Profile

While programming is a relatively newfound skill, I've developed a deep passion for it. My background in music, audio and business draws an obvious parallel to programming. I've always built things and solved problems. I'm eager to learn and collaborate regardless of the level of my expertise.

Experience

Freelance Full Stack Web Developer
January 2021 - Present | New York, NY
